

## Data protection

According to data protection legislation, Klintgarden is the data controller.

Any inquiry regarding data protection must be addressed in writing to: [info@klintgarden.dk](mailto:info@klintgarden.dk)

Klintgarden processes the personal data provided by the tenant in connection with the booking, because it is necessary to complete the order and thus also fulfill the rental agreement, as well as to comply with any other obligations in pursuant to the agreements entered into between Klintgarden and the lessee.

As a tenant, you have the right to object to the processing of your personal data for these purposes at any time.

Klintgarden passes on, to the extent necessary, relevant information contained in this agreement to business partners (e.g. cleaning company, credit card company, insurance companies and public authorities) in order to be able to carry out the rental, collect correct and secure payment or to the extent that it is necessary according to the legislation in force at any given time.

Klintgarden only transfers personal data to countries outside the EU/EEA to the extent necessary and only where there are adequate guarantees for a sufficient level of protection in accordance with the legislation in force at all times.

Personal data is stored only for the period it is necessary according to the relevant purpose or according to applicable legislation.

As a registered tenant, the tenant has the right to be informed about – and obtain a copy of the data – that Klintgarden has registered and to have such information/data corrected or changed if this should prove to be incorrect. The tenant also has the right to have information/data deleted if this is no longer necessary to fulfill the purpose for which it was collected, or if the processing is illegal. Finally, the tenant has the right to request Klintgarden to limit the processing of the data in question.

Klintgarden uses server-side cookies and a secure connection to ensure the security of the information you provide as a guest on our website.

When paying by credit card, the registration takes place via a secure server, where the information is encrypted before being sent via the internet.
